

COMPANY OVERVIEW

Empowered AI Solutions is a veteran-owned firm that eliminates bottlenecks and accelerates your mission with AI, data, and automation for federal, defense-adjacent, and commercial organizations.

We're engineers who have sat on your side of the table. We solve the process first, then apply the right technology – taking solutions from strategy and prototype through production.

CORE COMPETENCIES

► Rapid Prototyping

Prove value before you scale. Turn high-value ideas into working solutions quickly – so you can test what works before making a larger commitment.

AI AGENTS • DATA PRODUCTS • PROTOTYPE APPLICATIONS • PILOT WORKFLOWS

► Technical & Data Services

Build what your operation needs. We design and deliver technical solutions that connect your data, systems, and workflows to improve how your organization operates.

DATA ENGINEERING • CUSTOM SOFTWARE • WORKFLOW AUTOMATION • PROCESS DESIGN

► Education & Consulting

Turn AI interest into action. We help leaders and teams identify where AI creates value and build a practical path from opportunity to implementation.

AI ROADMAPS • READINESS ASSESSMENTS • EXECUTIVE BRIEFINGS • TRAINING

DIFFERENTIATORS

- ✓ **Outcome-First.** Every engagement starts with the end in mind – focusing on the opportunities that deliver the greatest ROI and mission value.
- ✓ **Same Team, Start to Finish.** The experts who scope your problem stay with you through design, build, testing, and handoff.
- ✓ **Mission-Grounded Expertise.** 13+ years of joint military service and hands-on enterprise AI, data, and automation experience.
- ✓ **Process-Driven Solutions.** We improve the underlying process, then apply the right combination of AI, data, automation, and software.

HOW WE WORK

01 DISCOVER

Identify the bottleneck and highest-value opportunity.

02 DESIGN

Define the solution, workflow, and path forward.

03 BUILD

Develop and test the working capability.

04 SCALE

Operationalize and expand once value is proven.
